Re: Consent Agreement and Final Order; RCRA-07 -2014-0014.

Dear Deborah:

The following information is being submitted to comply with the requirement as set forth in Paragraph 5(a)(i) of the above referenced Final Order.

The container described in the Inspection report as being located at Column 36 HWCSA was permanently taken out of service during February 2015. The process associated with this container (spray painting) has been permanently discontinued.

The submission of this information represents the last open item associated with the referenced Final Order. If you require additional information regarding this matter please contact me immediately at 401-247-4096.

Sincerely,

Dave Lloyd  
Corporate EHS Engineer
